

# **Get Credit For Your Pool Fill**

**Using Public Water to fill your pool?**

**How can you lower your sewer bill?**

**Borrow our meter when filling your pool!**

Upon application to the Authority, temporary meters may be obtained for the purpose of filling swimming pools. Following the return of the meter and processing of the appropriate paperwork, a sewer billing credit will be issued.

Speak to one of our customer service representatives for further details.

609-693-8188, Extension 3

Potential savings will vary, depending on your regular water usage.

Not all customers will experience savings.

Regular water rates will apply for all water used.

# Get Credit For Your Sprinklers

- **Using Public Water for your lawn sprinklers?**
- **If it doesn't go down the drain, why pay a sewer bill for it?**
- **You may save by installing an Irrigation Meter. If you use an irrigation meter, sewer charges will not be applied to the water used for irrigation.**

Individual water meters may be purchased and installed for the purpose of measuring public water used for irrigation purposes. All water used for irrigation purposes will not be subject to sewer billing.

Applications and detailed information on irrigation meter installations are available at the Lacey Municipal Utilities Authority business office.
