## MEET YOUR 2018 TOWNSHIP COMMITTEE MEMBERS

*It's our pleasure to once again serve our Community to make Lacey Township the best place to live, work and play.*

Today we celebrate you! With your participation in our Recycling Program, we can continue to achieve the successes that we've experienced. We remain one of the top ten municipalities in all of Ocean County achieving an above 50% Recycling Rate. Without your participation in the many events that take place throughout our town, throughout the year, our events would not be as successful as they are. We've had a tremendous turnout for Lacey Day, the Municipal Alliance 5K Race, Trunk or Treat and the Christmas Parade to name just a few. All community sponsored and community attended. Our thanks to the many organizers and volunteers, for doing what you do so well, Thank You!

This year the Committee would like to continue to be a resource for its residents and businesses, to provide leadership and support to all, to listen to the specific needs of our community groups and address them. We would like to encourage our youth to be more involved in our community, to participate in sports, to visit our many parks, to enjoy nature, to feel safe in the community in which they live. We are all in this together and with the help of our Administrator and Employees we can face any challenge that comes our way. By working together, we can build a stronger community for everyone to live, work, play and enjoy. This is our mission this year.

We wish you a very Happy, Prosperous, and Peaceful, New Year,

*Nicholas Juliano, Mayor    Tim McDonald, Deputy Mayor  
Gary Quinn, Steven Kennis, and Peter Curatolo Committee Members*

### **ANONYMOUS CRIME TIPS**

The Lacey Township Police Department website ([www.LaceyPD.org](http://www.LaceyPD.org)) helps connect the police department with the community. One of the most successful aspects of the website is the ability for residents to submit truly anonymous crime tips to the police department through the "Crime Tips" button on the main menu of the home page ([www.LaceyPD.org/crime-tips/](http://www.LaceyPD.org/crime-tips/)). This feature allows for anonymity, as no sender information is relayed through the system. The police department has received hundreds of anonymous crime tips since the implementation of the website in January of 2013. The tips have proven to be extremely valuable and have contributed to the police department quickly solving criminal cases as well as identifying and effectively dealing with some nuisance concerns in neighborhoods.

The website offers many other valuable services as well. The police department posts a weekly police blotter along with other postings regarding matters of public concern. The website is also used as the platform to post to the police department Facebook page and Twitter account. Members of the department understand that an informed public is in a much better position to assist the police department in effectively dealing with matters that concern the community.

### **UNDERAGE CONSUMPTION OF ALCOHOLIC BEVERAGES**

Lacey Township has taken the significant step of enacting a Township Ordinance to prohibit the consumption of alcoholic

beverages on private property by persons under age 21. This ordinance is important, as existing state law only prohibits underage possession or consumption of alcoholic beverages in a public place. Township Ordinance §130-14 now holds an underage person accountable regardless of whether the alcoholic beverage was possessed or consumed in a public place (e.g., the woods) or a private place (e.g., house party). This new law is unique, as a juvenile charged with the ordinance is required to appear in a municipal court rather than juvenile court. It is important to note that it has always been unlawful to provide or make available alcoholic beverages (or property to consume alcoholic beverages) to a person under the legal age of 21 (N.J.S.A 2C:33-17).

### **LOCKING HOMES & VEHICLES**

The Lacey Township Police Department is requesting that residents lock their homes and vehicles as a matter of common practice. Consistently, the thefts that occur from motor vehicles are limited to those vehicles left unlocked and easily accessible. Likewise, unlawful entries of homes most often occur in residences left unlocked. The practice of locking your home and vehicle(s) can save you from the disconcerting experience of being a victim of burglary and theft.

### **MOTORIZED SCOOTERS / GO-PEDS / MOPEDS**

The Lacey Township Police Department would like to remind residents that motorized scooters, whether electric or gas powered, are not only dangerous, they are ILLEGAL to operate on roadways or sidewalks.

Although the scooters are legal to sell and purchase for operation on private property (with the permission of the property owner), at no time are the scooters legal to operate on public thoroughfares.

Violations related to the use of motorized scooters are strictly enforced by the Lacey Township Police Department with the scooters being impounded until the time of court as specified in Lacey Township Ordinance 238-5B.

### **RESTRICTION ON PARKING TRAILERS**

Lacey Township has an ordinance which strictly prohibits the parking of trailers (when not attached to a vehicle) on the roadways within the township. This same ordinance prohibits vehicles with a gross vehicle weight of over 15,000 pounds from being parked on roadways within the township as specified in Lacey Township Ordinance 323-17.

### **FOR A POLICE, FIRE OR MEDICAL EMERGENCY, CALL 911**

For other police services please call (609) 693-6636.

The office is open Monday - Friday, from 8:00 am to 4:00 pm.

The following services are provided:

- Referrals to various Social Services agencies (drug, alcohol, mental health, etc.)
- Issuance of solicitor permits, firearms permits and temporary handicapped parking permits.
- Accident and Police Reports.

<b>NO PARKING ON SNOW COVERED ROADWAYS</b> The Township's efforts to efficiently clear roadways during snow events are often hampered by the number of motor vehicles parked on the roadways. Ordinance 323-10 prohibits the parking of vehicles on roadways whenever snow has fallen and the accumulation is such that it covers a township street. Whenever a snow event is anticipated, it is essential that all vehicles are removed from the roadways to allow for the efficient removal of snow and ice.				 <b>CHRISTMAS TREE COLLECTION</b> <i>begins Wednesday, January 2, 2019.</i> <i>Place your Christmas Tree at curbside on your regular recycle day.</i>		<b>1</b>

## SOLID WASTE RULES & REGULATIONS:

- **Place solid waste containers at curbside either the night before collection or by 6:00 am the day of collection**
- **Remove your containers within 24 hours after collection**
- **All household garbage, especially food waste, must be in leak-proof 32 gallon containers with lids and serviceable handles, and together with its contents must not exceed 50 lbs. when full.**
- **Garbage set out in Corrugated Cardboard will not be collected. Corrugated Cardboard is a mandatory Recyclable item.**
- **Electronics and Televisions are mandated Recyclables, please bring them into the Recycling Center**
- **Refer to the pick-up schedule above for your collection days.**

Missed Garbage Collection must be reported the same day or at the very latest by 8:00am the following morning for corrective action. The contractor is not required to come back and pickup any collection that is set out late or not reported by the specified time. The contractor is not responsible for picking up solid waste that has blown over and spilled out on the ground, or placed out in plastic bags and torn open by animals.

Call the Contractor @ 609-971-7979 or leave a message at Public Works 609-693-1100 x2301, even if it's after hours.

## SOLID WASTE SERVICE INCLUDES THE FOLLOWING:

- **Household garbage, food waste, ashes, non-recyclable plastic or paper, grass clippings.**
  - Hedge clippings, small brush, tree branches are recyclable and can be brought into the Recycling Center. If you cannot bring them in please tie and bundle no more than 4' in length weighing no more than 50 lbs. per bundle or place in your container for trash collection.
- **Furniture and Bedding**
  - Residents only, does not apply to businesses, 2 furniture pieces per collection day; mattresses/ box springs. Do not set out any sofas, chairs or mattresses if there is a chance of rain unless you cover it in plastic.

- Concrete, brick, asbestos
- Tires and auto batteries
- Paint, motor oil or antifreeze
- Propane tanks
- Trees, earth, root matter, stones and leaves
- Concrete and asphalt
- Household Hazardous Waste including pool chemicals and fertilizers
- Mandated Recyclables – please refer to Curbside Recycling Collection and/or Recycling Center information
- Televisions and Computer Equipment

## HELPFUL HINTS:

- Are you moving into or out of town? Call Public Works at (609) 693-1100 x2301 with questions relating to the disposal of out-of-the-ordinary items. Don't assume that everything you throw out will be collected. Call us first!
- If you are emptying the contents of a house, you must get a dumpster. There are several reputable haulers, call around to get the best price. Expect to pay for the rental of the dumpster and the disposal fee at the landfill. Trash just piled at the curb will surely generate a visit from our Code Enforcement Officer.
- Solid Waste along with Asbestos, Construction Debris and Wood can be disposed of at the Ocean County Landfill. There is a charge for disposal, please call 732-323-8528 for information. Asbestos must be packaged properly and can only be disposed of at the Landfill, you must call for instructions and packaging material.

# Solutions to Stormwater Pollution

Actions You Can Take to Protect and Restore Barnegat Bay

## Why does Barnegat Bay need our help?

Long appreciated for its great aesthetic, economic and recreational value, an array of human impacts now threaten the health of Barnegat Bay.

Pollution on streets, parking lots and lawns is washed by rain and snow melt into ditches, storm drains, streams, rivers and ultimately, Barnegat Bay.

This stormwater pollution is one of Barnegat Bay's greatest threats to clean water and the rivers and creeks that drain into it. Fertilizers, pesticides, motor oil, animal waste, detergents, grass clippings, yard waste and litter are all examples of stormwater pollution.

## Limit your use of fertilizers and pesticides

- Do a soil test to see if you need to fertilize.
- Use a drop spreader to apply fertilizer.
- Sweep up fertilizer from pavement and other hard surfaces after applying.
- Do not apply fertilizers if heavy rain is predicted.
- Follow the instructions on the bag label for correct application procedures.
- Try alternatives to pesticides, such as plants that repel insects.
- Properly store fertilizers and pesticide.
- Landscape your property using native vegetation and plants.

To learn more about the proper use of fertilizer, go to [www.nj.gov/dep/healthylawnshealthywater](http://www.nj.gov/dep/healthylawnshealthywater).

As a resident, business, or visitor of Barnegat Bay, there are everyday actions you can take to help reduce stormwater pollution.

## Clean up after your pet

- Use newspaper, bags or pooper-scoopers to pick up pet wastes.
- Dispose of pet waste in the trash or un-wrapped in a toilet.
- Never discard pet waste in a storm drain.

## Don't feed wildlife

- Do not feed ducks, geese, or other forms of wildlife in public areas.

## Don't litter

- Place litter in trash receptacles and keep it out of storm drains.
- Reduce, re-use and recycle.
- Participate in community cleanups.

## Solutions to Stormwater Pollution

### Dispose of yard waste properly

- Keep leaves and grass out of storm drains.
- Use leaves and grass clippings for compost.
- Use a mulching mower that recycles grass clippings into the lawn.

### Be a green boater

- Obey no wake zones and other navigational aids.
- Use pump-out stations and vessels, and don't discharge raw sewage into open waters.
- Use non-toxic, biodegradable materials when cleaning, repairing and maintaining your boat.
- Collect paint chips, dust and residue and dispose of it in the trash.

### Properly use and dispose of hazardous products

- Do not pour household or commercial cleaning products, including lawn and garden care products, motor oil, antifreeze and paints, down storm drains or into open water.
- Properly label and store hazardous products.
- Use natural or less toxic alternatives when possible.
- Recycle used motor oil.
- Contact your municipality, county or facility management office for the locations of hazardous-waste disposal facilities.

## Take action and be part of the solution

*Stormwater pollution is one of Barnegat Bay's greatest threats.* By sharing the responsibility and making these small, easy changes in our daily lives, we can keep common pollutants out of stormwater. It all adds up to cleaner water in the Bay and saves the high cost of cleaning it up once it becomes dirty.
