Mayor

*Mark Dykoff*  
Committee Member

*Tim McDonald*  
Committee Member

As we enter into this New Year, we take the time to reflect on Lacey Township's 150 years of continual progression and growth. Known for our outstanding school district, the dedicated first responders, our employees, and our volunteers who go above and beyond for the love of their community, honored is an understatement of how it feels to serve as Mayor. Myself and my fellow Township Committee members look forward to our Jersey Shore town's development, and wish everyone a happy and healthy new year.

# Governor Murphy Signs Legislation Banning Single-Use Paper and Plastic Bags in New Jersey

## How Does this Law Impact My Business?

### Ban on Single-Use Carryout Bags:

◆ Beginning May 4, 2022, the law prohibits all Stores (including retail), Food Service Businesses, and Grocery Stores from selling to, or providing their customers with, single-use plastic carryout bags. In addition, Grocery Stores larger than 2,500 square feet may not provide or sell single-use paper carryout bags, and instead may provide or sell only reusable carryout bags.

#### ◆ Definitions:

\* "Store" is any grocery store, convenience store, liquor store, pharmacy, drug store, or other retail establishment.

\* "Food Service Business" sells or provides food for consumption on or off the premises, including, but not limited to, establishments such as a restaurant, café, delicatessen, coffee shop, convenience store, grocery store, vending truck or cart, food truck, movie theater, or business or institutional cafeteria, including those operated by a government entity.

\* "Grocery Store" is a self-service retail establishment that occupies at least 2,500 square feet, and that sells household foodstuffs for off-site consumption, including but not limited to fresh produce, meat, poultry, fish, deli products, dairy products, canned foods, dry foods, beverages, baked foods, or prepared foods.

### Reusable Carryout Bags:

#### ◆ A "reusable carryout bag" must be:

1. Made of polypropylene fabric, PET nonwoven fabric, nylon, cloth, hemp product, or other washable fabric; and
2. Have stitched handles;
3. Be designed and manufactured for multiple reuses.

### Ban on Polystyrene Foam Food Service Products:

◆ Beginning May 4, 2022, the law prohibits all persons and food service businesses from selling/offering for sale any polystyrene foam food service product and prohibits all food service businesses from selling/providing any food served in a polystyrene foam food service product.

◆ The following products are exempt until May 4, 2024 unless otherwise extended by the DEP:

\* Disposable, long-handled polystyrene foam soda spoons when required and used for thick drinks.

\* Portion cups of two ounces or less, if used for hot foods or foods requiring lids.

\* Meat and fish trays for raw or butchered meat, including poultry, or fish that is sold from a refrigerator or similar retail appliance.

\* Any food product pre-packaged by the manufacturer with a polystyrene foam food service product.

\* Any other polystyrene foam food service product as determined necessary by the DEP.

◆ A "polystyrene foam food service product" is defined as a product made, in whole or in part, of polystyrene foam that is used for selling or providing a food or beverage, and includes but is not limited to a food container, plate, hot or cold beverage cup, meat or vegetable tray, cutlery, or egg carton.

◆ Further exemptions and requests for waivers for polystyrene foam food service products may be submitted to the Department of Environmental Protection (DEP) on forms to be prescribed.

◆ Contact for the NJDEP Division of Solid and Hazardous Waste is [singleuseplastics@dep.nj.gov](mailto:singleuseplastics@dep.nj.gov) or 609-984-4250

### Requirements for Single-use Plastic Straws:

◆ Beginning on November 4, 2021, food service businesses shall only provide a single-use plastic straw to a customer upon request by the customer. Food service businesses are required to keep an adequate supply of single-use plastic straws. Stores may continue to sell packages of single-use plastic straws and provide/sell a beverage pre-packaged by the manufacturer with a single-use plastic straw, i.e., juice boxes

### Penalties for Non-compliance and Enforcement:

◆ A person or entity that violates the law will be warned for a first offense, may be fined up to \$1,000 per day for the second offense, and may be fined up to \$5,000 per day for the third and subsequent violations. Violations of a continuing nature constitute an additional, separate, and distinct offense for each day that is deemed a violation.

◆ The DEP, municipalities and any entity certified pursuant to the "County Environmental Health Act" are authorized to enforce the law.

# BAG UP NJ

On Nov. 4, 2020, Governor Phil Murphy and the New Jersey Legislature enacted the most progressive bag ban law in the country. The law reduces litter and encourages the use of reusable bags by phasing out single-use carryout bags.

The law **bans single-use plastic bags**, regardless of thickness, at grocery stores and retail establishments, as well as **paper bags at grocery stores** at or larger than 2,500 square feet. It also bans **polystyrene foam** takeout food containers and other products such as plates, cups, food trays and utensils. As of November 4, 2021, **plastic straws** will only be available upon request.

The "Bag Up NJ" campaign is the New Jersey Clean Communities Council's new single use plastic and paper bag ban outreach campaign, which has a simple message: Bring your own reusable bag(s) when you shop. Get in the habit before the law officially goes into effect on **May 4, 2022 in NJ**. Visit [www.BagUpNJ.com](http://www.BagUpNJ.com) for more information and downloadable artwork.

## SPRING LEAF COLLECTION – 2 CYCLES

THE 1ST CYCLE BEGINS MONDAY, APRIL 18<sup>TH</sup> AND  
THE 2<sup>ND</sup> & FINAL CYCLE BEGINS MONDAY, MAY 2<sup>ND</sup>

**LEAVES** are Mandated Recyclable in the State of NJ, Ocean County and Lacey Township – They are **PROHIBITED** from being **LANDFILLED**.

### **THE RULES:**

- ⇒ Place your leaves at curbside prior to the FIRST DAY OF EACH CYCLE.
- ⇒ Leaves must be bagged in **biodegradable brown paper bags**, or placed in containers no larger than 32 gallons.
- ⇒ **NO** tree branches, acorns or other debris – LEAVES ONLY.
- ⇒ If we come to your street and your leaves were not out on the first collection cycle, we will not be back until the Next Cycle begins.
- ⇒ It takes the Public Works Department about 2 weeks to complete each cycle.

After the 2nd Collection, Residents are required to bring their leaves into the Recycling Center during normal operating hours.

**RESIDENTS PLEASE NOTE:** If you are bringing leaves into the Recycling Center in plastic bags, you must empty the bags in the leaf pile and take the empty bag(s) with you for disposal at home. If you are bringing the leaves in biodegradable BROWN PAPER BAGS, leave the bag(s) with the leaves in the leaf pile.

You may bring branches from tree trimming and also shrubs, place these items loose (not tied) in the Brush Pile. (We do not accept trees, stumps, root balls or invasive shrubs such as bamboo or poison ivy/poison oak.)

Leaves brought in at this time will be composted and brush will be ground down into mulch and ready for you to pickup in the Spring, just in time for you to get your garden started.

CONTRACTORS and LANDSCAPERS can bring Leaves and Brush to the Ocean County Facilities in Manahawkin or Lakewood or to other private companies for disposal. They may charge a fee, so check first.

**WE DO NOT ACCEPT GARBAGE, GRASS, TREES, TREE STUMPS, GRAVEL, DIRT, WOOD CHIPS OR ANY INVASIVE SHRUBS OR VINES SUCH AS BAMBOO OR POISON IVY IN THE RECYCLING CENTER AT ANY TIME FROM ANYONE.  
IT IS ILLEGAL DUMPING AND SUBJECT TO VIOLATION AND PENALTIES.**

## How bad is plastic pollution in New Jersey?

More than 80% of litter picked up at beach cleanups is  
plastic according to Clean Ocean Action.

The NY/NJ Baykeeper estimated that there were  
almost 166 million pieces of microscopic plastic floating  
in the waterways of New Jersey and New York in 2016.

Scientists have found microplastics in some of the  
most pristine rivers and creeks.

# FALL LEAF COLLECTION – 3 CYCLES

THE 1<sup>ST</sup> CYCLE BEGINS MONDAY, NOVEMBER 14<sup>TH</sup>

THE 2<sup>ND</sup> CYCLE BEGINS MONDAY, NOVEMBER 28<sup>TH</sup>

THE 3<sup>RD</sup> & FINAL CYCLE BEGINS MONDAY, DECEMBER 12<sup>TH</sup>

**LEAVES** are Mandated Recyclable in the State of NJ, Ocean County and Lacey Township – They are **PROHIBITED** from being **LANDFILLED**.

## **THE RULES:**

- ⇒ Place your leaves at curbside prior to the FIRST DAY OF EACH CYCLE.
- ⇒ Leaves must be bagged in **biodegradable brown paper bags**, or placed in containers no larger than 32 gallons.
- ⇒ **NO** tree branches, acorns or other debris – LEAVES ONLY.
- ⇒ If we come to your street and your leaves were not out on the first collection cycle, we will not be back until the Next Cycle begins.
- ⇒ It takes the Public Works Department about 2 weeks to complete each cycle.

After the 3rd Collection, Residents are required to bring their leaves into the Recycling Center during normal operating hours.

**RESIDENTS PLEASE NOTE:** If you are bringing leaves into the Recycling Center in plastic bags. you must empty the bags in the leaf pile and take the empty bag(s) with you for disposal at home. If you are bringing the leaves in biodegradable BROWN PAPER BAGS, leave the bag(s) with the leaves in the leaf pile.

You may bring branches from tree trimming and also shrubs, place these items loose (not tied) in the Brush Pile. (We do not accept trees, stumps, root balls or invasive shrubs such as bamboo or poison ivy/poison oak.)

Leaves brought in at this time will be composted and brush will be ground down into mulch and ready for you to pickup in the Spring, just in time for you to get your garden started.

CONTRACTORS and LANDSCAPERS can bring Leaves and Brush to the Ocean County Facilities in Manahawkin or Lakewood or to other private companies for disposal. They may charge a fee, so check first.

# Solutions to Stormwater Pollution

Actions You Can Take to Protect and Restore Barnegat Bay

## Why does Barnegat Bay need our help?

Long appreciated for its great aesthetic, economic and recreational value, an array of human impacts now threaten the health of Barnegat Bay.

Pollution on streets, parking lots and lawns is washed by rain and snow melt into ditches, storm drains, streams, rivers and ultimately, Barnegat Bay.

This stormwater pollution is one of Barnegat Bay's greatest threats to clean water and the rivers and creeks that drain into it. Fertilizers, pesticides, motor oil, animal waste, detergents, grass clippings, yard waste and litter are all examples of stormwater pollution.

## Limit your use of fertilizers and pesticides

- Do a soil test to see if you need to fertilize.
- Use a drop spreader to apply fertilizer.
- Sweep up fertilizer from pavement and other hard surfaces after applying.
- Do not apply fertilizers if heavy rain is predicted.
- Follow the instructions on the bag label for correct application procedures.
- Try alternatives to pesticides, such as plants that repel insects.
- Properly store fertilizers and pesticide.
- Landscape your property using native vegetation and plants.

To learn more about the proper use of fertilizer, go to [www.nj.gov/dep/healthylawnshealthywater](http://www.nj.gov/dep/healthylawnshealthywater).

As a resident, business, or visitor of Barnegat Bay, there are everyday actions you can take to help reduce stormwater pollution.

## Clean up after your pet

- Use newspaper, bags or pooper-scoopers to pick up pet wastes.
- Dispose of pet waste in the trash or un-wrapped in a toilet.
- Never discard pet waste in a storm drain.

## Don't feed wildlife

- Do not feed ducks, geese, or other forms of wildlife in public areas.

## Don't litter

- Place litter in trash receptacles and keep it out of storm drains.
- Reduce, re-use and recycle.
- Participate in community cleanups.

## Solutions to Stormwater Pollution

### Dispose of yard waste properly

- Keep leaves and grass out of storm drains.
- Use leaves and grass clippings for compost.
- Use a mulching mower that recycles grass clippings into the lawn.

### Be a green boater

- Obey no wake zones and other navigational aids.
- Use pump-out stations and vessels, and don't discharge raw sewage into open waters.
- Use non-toxic, biodegradable materials when cleaning, repairing and maintaining your boat.
- Collect paint chips, dust and residue and dispose of it in the trash.

### Properly use and dispose of hazardous products

- Do not pour household or commercial cleaning products, including lawn and garden care products, motor oil, antifreeze and paints, down storm drains or into open water.
- Properly label and store hazardous products.
- Use natural or less toxic alternatives when possible.
- Recycle used motor oil.
- Contact your municipality, county or facility management office for the locations of hazardous-waste disposal facilities.

## Take action and be part of the solution

*Stormwater pollution is one of Barnegat Bay's greatest threats.* By sharing the responsibility and making these small, easy changes in our daily lives, we can keep common pollutants out of stormwater. It all adds up to cleaner water in the Bay and saves the high cost of cleaning it up once it becomes dirty.

## POSTAL PATRON LOCAL

*Lacey Township has always been at the forefront in its effort to reduce its volume entering the landfill by aggressively promoting, informing and educating our residents on the importance of "Reduce, Reuse, Recycle", this calendar is part of that effort. Now in our third decade of recycling efforts and coupled with a strong partnership with Ocean County Department of Solid Waste Management, we are proud to provide the 2022 Recycling Calendar. We know you will find it extremely helpful not only for recycling but for many other community related program information.*

*We wish you the very best for a healthy and safe New Year,*

*Lacey Township Department of Public Works and Recycling*

\*DISCLAIMER - While all events in the calendar are scheduled to occur at the time of printing, all are subject to change or cancellation. Please check the town's website, [www.laceytownship.org](http://www.laceytownship.org) or check the Recreation Department's Facebook page @lacey.recreation for any updates.
